

ABOUT HE WHARE TAONGA

We offer a FREE housing assessment by our nurses with you in your home. We aim to improve your health and wellbeing by offering useful tips, assistance, and advice to stay warm and healthy.

Our assessment helps to determine the things in your home that affect the health of the whānau, we discuss health and social concerns, and work with you on a plan to address the issues.

We can provide housing items directly such as bedding, heaters, mould kits and curtains. We engage with landlords and homeowners around heating, insulation and other housing upgrades.

TOP PRIORITIES FOR YOUR WHĀNAU FOR A WARM, DRY AND SAFE HOME

- Referral for insulation
- Working with WINZ
- Budgeting services
- Help with draughty windows
- Beds and bedding
- Heating
- Minor repairs
 - » Opening windows
