

SIMPLE TIPS FOR PREVENTING THE SPREAD OF **COVID-19**

Practical advice for during and after work for retail staff

Where possible create a 2 metre physical distance between you and your customers and other staff

Wash your hands often and thoroughly with soap and water, then dry

Frequently clean your premises, especially counters and EFTPOS terminals, and other high touch surfaces and objects such as door handles

Encourage shoppers to use contactless payments (e.g. paywave) through EFTPOS machines

Wipe down your phone often with disinfectant

Use a disinfectant that is anti-viral and follow instructions.
