Wear a mask

Wash hands often and thoroughly with soap and water, then dry

Cough and sneeze into your elbow

Keep your distance from people you do not know

Regularly clean common contact surfaces such as tables and door handles

## Keep staff away if:

They show any sign of illness indicating they're feeling unwell

They have been in close contact with a confirmed case of COVID-19 when they were infectious (follow Ministry of Health guidelines for when they can return to work)

**Management should inform and brief all employees and contractors, including domestic and cleaning staff, on relevant information and steps to prevent the spread of illness.**
