

## Healthy Skin Requirements

This form is filled out by a health/social worker to support clients who may need assistance to identify & access what they need to manage skin conditions, such as sheets, towels, face cloths, pillow cases, duvet covers, bleach, soap, beds and medical supplies.

If financial assistance is needed from Work and Income, the client can call 0800 559 009 for an appointment with a Case Manager. It is best to get quotes from shops for the items you need as mentioned above before the appointment.
